Backing	1mm sound absorbing pad
Wear layer	AC4
Installation	Angle-Tight
Specifications	19.16 Square feet per box
Warranty	Residential Lifetime
	Commercial 15 Year
VOC Certifications	FloorScore

Read all instructions before installation. Incorrect installation voids all warranties. Read carton insert for details. Sweep or vacuum the floor frequently to remove loose dirt and prevent scratching. Wipe up spills immediately. Use walk on mats at entry ways and protective pads on furniture legs. Never use wax, oil-based cleaners, ammonia, dust for treatments or abrasive agents to clean. The product may be cleaned with a damp mop/microfiber cloth and an appropriate cleaning product specifically developed for vinyl floors. Printed room scene and swatches are provided as reference only. Product selection, color, and specifications may change without notice. Product selection should be made from actual flooring samples at an authorized dealer for true color representation.
